As a Junior Software Engineer who seeks new responsibilities and challenges, I am always looking for opportunities to learn and grow in my career.

Education

Faculty of Computer Science and Engineering, Skopje

2022

- **Degree:** Bachelor of Science

- **Sub-Degree:** Software Engineering and Information Technologies

- **GPA:** 9.20

Courses taken: Object-Oriented Programming, Advanced Programming, Artificial Intelligence, Machine Learning, Calculus, Discrete Mathematics.

Yahya Kemal College, Tetovo

2018 — 2022

- **Degree:** Mathematical Sciences

- **GPA:** 5.00 / 5.00

- **Final Year Project:** Building a social-networking website (Informatics)

Courses taken: Informatics, Mathematics, Physics

Naim Frasheri Elementary School, Tetovo

2009 — 2018

- **GPA:** 5.00 / 5.00

Courses taken: Informatics, Mathematics, Physics.

Awarded as the best student of the generation in 2018

Received Scholarship to study in Yahya Kemal College - Tetovo

Employment History

Software Engineer at Melon, Skopje

2021 — PRESENT

As a software engineer at Melon company, I am responsible for designing software solutions. I cooperate closely with a team of other engineers, to develop a program that meets the client's needs. This often involves writing code in Java or C++, and using a variety of tools and frameworks to develop and test the software.

In addition to my technical responsibilities, I also play a key role in the project management process - working with the project manager to plan and coordinate the work of the engineering team.

Software Developer at Exelerate, Skopje

2020 — 2021

It was my first job as an IT graduate, and being a Software Developer at Exelerate was both challenging and rewarding. On a typical day, I used to work on a new feature for an existing software application. I mostly

Skills

Complex Problem Solving

Effective Time Management

Ability to Work in a Team

Communication Skills

Adaptability

Microsoft Office

Programming Languages

Java

C/C++

Python

SQL

HTML / CSS / Javascript

programmed in Java.

I enjoyed the opportunity to work on a variety of projects and to use my technical skills to create innovative solutions for our clients.

Internships

Assistant Software Developer at Exelerate, Skopje

2020

As a software intern at Exerelate company, I assisted the software development team in the design, implementation, and maintenance of programs for our clients.

I also had the opportunity to learn about the software development process and the various roles and responsibilities within the team. I attended meetings and discussions, as well as observed and assisted the other members of the team in their work.

Best Achievements

2nd Place in the National Competition for Programming

2022

C/C++ Programming

1st Place in ASEF Competition, Tirana, Albania

2021

Informatics Project: *Creating a social-networking website*

1st Place in Informatrix Competition, Bucharest, Romania

2021

Informatics Project: *Principles of Artificial Intelligence*

2nd Place in Informatrix Competition, Mexico City, Mexico

2020

Informatics Project: *a city in 3D Computer Graphics Software*

Hobbies

Playing piano, Bicycling & Hiking

I play piano fluently. I graduated from Music School *"Todor Skalovski"* in Tetovo (2009-2018) with a GPA of 5.00 / 5.00.
